About co-de.studio

Co-Design Studio, or co-de.studio as it came to be, was founded by two passionate designers in 2020 and has since grown to be a multidisciplinary boutique architecture practice with a team of talented designers and professionals who strive to create inspirational projects. The practice is focused on delivering bespoke, high-end design solutions that blend innovation, functionality, and aesthetic excellence. By integrating architecture with interior design, landscape, and technology, we create tailored spaces that reflect each client's unique vision and lifestyle.

- 13. Private Dining
- 14. Kitchen
- 15. North Verandah
- 16. Restaurant
- 17. Glass Bridge
- 18. Museum Entry

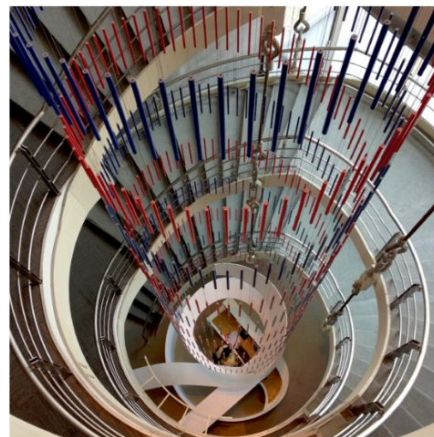

Site Plan

The oldest global motorcycle brand in continuous production, Royal Enfield's rugged and authentic aesthetic has attained cult status globally. The aspiration for the design of their new headquarters in Chennai was to **celebrate the brand's design philosophy, blending craftsmanship with state-of-the-art engineering**. The brief included a need to foster cross-disciplinary collaboration within the company's various departments, including Marketing, Design, and Engineering. Unpretentious yet highly functional, the design of the campus aims to embody the free-spirited identity of the brand.

1. Brief description
2. Series of 1x1 or 2x1 images
